

Cultural Learning Resources Conference Bolton Museum, Wednesday 2 February 2011

Afternoon Breakout Sessions

Please choose one session and tell us which one you would prefer to attend when you rsvp

1) Design for Life Session

- Design for Life is a partnership with the V&A Museum to create a full secondary school session mapped to the Design and Technology curriculum
- Students can design a t-shirt inspired by the museum collections
- Resources include video 'how to' guide, object handling boxes and other activities such as interviews with designers and a design related library loan box

2) Mummification Science Session

- Find out about the mummification process by creating your own Egyptian mummy
- Includes preparation materials such as a film introduction to mummification with the museum Egyptology Curator, classroom activities and object image packs

3) Global Threads Geography Session

- Find out more about the global story of cotton, the reasons why the industry has moved from country to country and the effects this had on local areas
- Using films, museum object handling boxes and additional learning activities you can build your own lesson around the resources provided

4) Group Resources

- Find out more about the Library and Museum
- Take part in an active session using resources to guide you around the galleries
- Learn how to keep groups engaged with our collections and make them relevant to you
